Infrastructure Fees apply to all property located in the District, providing that the property is hooked up to water and sewer service or has availability of hook-up. These fees cover the annual cost of administration, capital investment, new debt service and core maintenance of District facilities and equipment. Infrastructure Fees insure that each property owner shares equally in the costs incurred and the benefits provided by the District.

Water and Sewer Rates reflect processing, delivery and maintenance costs for single family residences. Rates for usage above 8,000 gallons are intended to promote conservation.

Late Fees will be charged on all delinquent accounts. An account is considered delinquent if payment is not received by the *Due Date* shown on the invoice.

Water Service will be disconnected for any Account more than 45 days past due. Service will not be restored until all past due amounts and fees are paid in full.

A *Lien* will be filed against the property for any Account more than 60 days past due. A *Lien* will not be released until all past due amounts and fees are paid in full. *Lien Foreclosure Proceedings* will be initiated after the Account is 120 days past due.

Investment Fees shall be paid prior to the start of construction. *Hook-Up Fees* shall be payable at the time connection is requested.
